

Next Generation Laundry Wrappers from Davis Packaging

Davis Packaging is excited to introduce a new line of affordable professional Laundry Wrappers and upgrade components for existing wrappers.

Working directly from customer feedback, Davis Packaging rebuilt their most popular wrappers from the ground up, integrating such highly desired features as: **height adjustability, advanced anti-burn safety protection, enhanced temperature control, improved film loading and component strength and durability.** The results are the most affordable, dependable, easy to use, ergonomic, and safety-minded laundry wrappers available. For those with existing Davis Packaging wrappers, easy to install add-on

**DP392
Console**

height adjustment and safety protection kits are also available. Whether a compact table top model or a deluxe multi-roll console, if you're looking to enhance your current laundry packaging or your existing wrapping equipment, these new wrappers and upgrade kits will not disappoint. Family owned and operated for over forty years, Davis Packaging is the leader in affordable laundry wrapping solutions, parts, and service. Contact Davis Packaging directly for more information at contact@davispackaging.net or **800-622-3015**.
